

JAK-20X MULTI-PURPOSE GRAPPLE

JAK-20X is a professional multi-purpose grapple for a variety of different types of works.

AGILE JAK-20X COLLECTS AND DIGS

JAK-20X IS WELL SUITED FOR, FOR EXAMPLE, THE HANDLING AND LOADING OF FIREWOOD, GRAVEL, ROCKS, PEAT AND HAY BALES.

JAK-20X is equipped with four independent dippers, thus the tree shear can be smoothly mounted in the selected destination. The grapple can hold up to 300 litres (79,2 gal) of desired material at once, thus its usability as a working tool is extremely efficient.

JAK-20X
